## ABOUT US

We established **Smella Cosmetic** in 2017 in order to implement our knowledge and experience gained in various stages of the cosmetics industry.

Since the first day of our establishment, we have aimed to meet you by producing quality and competitive concept products with our expert and experienced team.

While we realize our projects for our existing brands and new products with innovative ideas in a short time with the confidence we have gained in the eyes of our customers, **we also expand our production facilities with continuous investments.**

In addition to our brands **Frannita, Bennaro, Pisa, Armasari, Yonk, Oler, La petit and İdea**, we develop and produce the products of many national companies such as **Süvari, Hatemoğlu, Barrels & Oil and Şok Marketler**. In addition, we expand our product range day by day and continue on our way without slowing down in both **domestic and foreign markets.**
